TRACING *Your* FAMILY TREE

What's Your Family Story?

A series of six workshops where instructors will point out the special skills and tools needed to research your family history. They will guide you in your research regardless of what level you are at and show you strategies to find the records you need.

Join us for one or more workshop!

DNA – It is More Than Just Spitting in a Tube

Saturday, May 9th (10:00 am – 3:00 pm)

Debbie Was, Ellen Thompson-Jennings, Instructors

Have you tested your DNA? What company did you test with? If you have tested or not, this session will help you understand how Genetic Genealogy can be used to prove your paper trail and further your research. The session will start with an overview of the major DNA testing companies, the types of tests they offer and the terminology. Then we'll move on to learning how to navigate through Ancestry DNA, Family Tree DNA and My Heritage while providing tips on how best to understand your results and make contact with your matches.

Bring your questions and your laptop or tablet.
