Christine Prokop, Edmonton & District Historical Society

A MYSTERY FROM NORWAY: In early 2019, a Norwegian gentleman named Victor sent Edmonton and District Historical Society an email with two photos and his grandmother's name. He wanted to know did she come to Canada as a young women as family lore claimed? If so, what was she doing here? Who did she come with? Join Christine as she tells how she tracked down answers at the Provincial Archives, in history books, on websites and road trips to small towns.

What did she find out?
