

TRACING *Your* FAMILY TREE

What's Your Family Story?

ZOOM WEBINAR

Canadian Census Records

Saturday, May 8th, 2021 (1:00 – 2:30 pm)

Marion Rex, Instructor

Registration fee: \$10 for AGS members, \$20 for non-members

[Click here to register and pay](#)

This webinar will give a historical timeline of census records, provide an overview of the types of census records available in Canada, chart the categories of information taken, and review the strengths and limitations of census data. Participants will examine one man as he grows through the years, mining the census data for historical data about the individual and his family. Links to support data and charts to record census data will be provided.

For Alberta Genealogical Society membership information [click here](#). You will self-register for the webinar using the registration link above. Payment will be made at time of registration by clicking on the Register and Pay button, which will take you to PayPal. You do **not** need a PayPal account as PayPal accepts credit card payments. Once you have registered and paid, a confirmation email will be sent which contains the meeting link for the webinar.

Note to non-members: as we are unable to assign two fees to the same event (member and non-member), after registering for \$10 you will be contacted regarding payment of the balance of the fee.
