ZOOM WEBINAR

Strategies for Successful Irish Research

Saturday, May 8th, 2021 (10:00 – 11:30 am)

Colleen Murray, Instructor

Registration fee: \$10 for AGS members, \$20 for non-members

[Click here to register and pay](#)

Due to record loss, Irish genealogy can be amongst the most difficult. Yet sometimes we set up our own roadblocks to successful research. In this session we will discuss adequate preparation before trying to cross the pond, common pitfalls and strategies to make the most of what records do survive.

For Alberta Genealogical Society membership information [click here](#). You will self-register for the webinar using the registration link above. Payment will be made at time of registration by clicking on the Register and Pay button, which will take you to PayPal. You do **not** need a PayPal account as PayPal accepts credit card payments. Once you have registered and paid, a confirmation email will be sent which contains the meeting link for the webinar.

Note to non-members: as we are unable to assign two fees to the same event (member and non-member), after registering for \$10 you will be contacted regarding payment of the balance of the fee.
